MALAWI

Location: Zomba

Mission: Theological Education & Music Ministry

Volker is the Executive Director of one of PCI's long-term partners: TEEM (Theological Education by Extension in Malawi).

In 2008 TEEM founded a Development School here in Zomba, Malawi. The school's main vision is to enable young people to gain professional qualifications to enable them to gain access to the job market.

It is not a theological school. The school teaches: Information & Communication Technology, Accounting, Human Resource Management, Business Management, and Community Development.

The Principal resigned recently and so we are looking for a suitable qualified individual who will lead the school forward.

As indicated in my last update, we are translating our new Old Testament foundation course, 'Knowing God – the beginnings' into Ellomwe. The translators are making good progress and it is possible that the translation might be finished by the end of February. The 'Knowing God' course was designed to be three courses that build on each other: Old Testament, Jesus, and New Testament.

A good friend of mine, Gordon, is writing the 'Jesus' section of the course which will be based on the gospel of Luke. However, unfortunately Gordon's health is not very good at the moment and we would appreciate prayer for him.

Prayer Points

- Praise the Lord for the Development School and its ministry. Pray with us that we can identify the right individual to lead the school.
- Pray for the translators and our project team who implement the translations and produce the audio recording.
- Pray for Gordon, that his health will be restored, and that God's peace will be with him and his family.
