Location: Blantyre

Mission: Theological Education

Volker is assisting one of PCI's long-term partners in Malawi: TEEM (Theological Education by Extension in Malawi).

DESIGNING LEARNING

Over the last couple of months, Volker has designed and written a grass-roots training course about Jesus.

The course is called 'Knowing Jesus' and it was written as part of an All African Theological Education by Extension Association (AATEEA) course writer training workshop. The aim is to train new course writers for Africa and produce courses that can be used in multiple African countries.

In October, the final version of two TEEM courses ('Knowing God' and 'Knowing Jesus') are going to be presented at an AATEEA meeting in Kenya. The aim is to introduce other TEE programmes to the material. The next weeks are crucial for finishing the final revision and get the courses ready for printing. This is tedious but important work as it will improve the feel of the course if it is done right. This week we are experimenting with writing a song about one of the key issues of the course. Singing is such an important learning tool as it really helps people to memorise things.

We are very grateful for your prayers that lift us to our heavenly Father.

Prayer Points

- Pray for the final editing of the course and the formatting and the design.
- Pray for wisdom, inspiration and musical ability to write a song to fit the course.
- Continue to pray for the new TEEM Director as he settles in his new role.
