### MALAWI

**Location:** Zomba

**Mission:** Theological Education

*Volker is the Executive Director of one of PCI's long-term partners in Malawi: TEEM (Theological Education by Extension in Malawi).*

When we do training, I tell our groups to imagine that I brought a chicken. Then I ask them if they would prefer that I eat the chicken and then tell them how it good it was for me and how it tasted; or would they prefer to eat the chicken themselves, get the nutrition and work themselves through the joyful feast of chicken? Naturally, everyone prefers to eat the chicken themselves. We use this analogy to challenge them to study our Bible courses themselves, instead of waiting that I tell them the answer.

At the moment, I am writing a new course about the life of Jesus. A course that will need to deliver nutrition, a course that feeds the mind and heart, a course where people can meet Jesus, a course where they hear him speak. At the moment I am 'cooking' this course, making sure that it is nutritious and that the original flavours of the gospels show. A course in which people can meet Jesus – the heart of Christianity. I have two groups waiting for me to finish 'cooking' this course, these are the same people that 'ate' my Old Testament course. They are ready to 'eat'...

## Prayer Points

- Praise the Lord that there is such an excitement and motivation from the previous two groups to continue. This is very exciting.
- Pray that the course writing can be finished as soon as possible and that the result will be a 'feast'.
- Continue to pray for safety on the road as our daughter travels every day from Zomba to Blantyre for school. Malawi has the highest road traffic death rate per travelled kilometre of a car. We are very grateful for your prayers.
